

PSEO Eligible Career & Technical Education Courses

PSEO students have the option to take Career & Technical Education courses if their high school allows it, and if they meet the requirements for the course. Students are allowed to take select CTE courses (depending on course requirements) in the following areas:

- Accounting (ACCT)
- Business & Sales Management Core (BUSM)
- Child & Adult Care & Education (CACE)
- Computer Technology (CPTR)
- Emergency Medical Services (EMSC)—includes CPR
- Health Core (HLTH)—includes Nursing Assistant & Medical Terminology
- Marketing & Design (MKAD)
- Technical Manufacturing Core (TECH)
- Welding (WELD)—includes Welding for Work & Leisure

**These are the more popular options for PSEO students—there may be other options available, depending on course availability, the student’s goals, etc. Please contact the PSEO Coordinator with specific questions regarding CTE courses.

Please visit our website at www.sctcc.edu and at the top of the page under Quick Links, click on “Course Schedules”. This will allow you to check out our course availability and options without needing a login.
