Note: If you had an SCTCC email address before June 20, 2016, your email address will not change. However, you will need to log in using a new process (see above). All future students' email addresses will follow the firstname.lastname@my.sctcc.edu format.

How to find your my.sctcc.edu email address:

- You need an sctcc.edu email address to register for the SCTCC app, among other things.
- To find that email address instead of the minnstate.edu login address, login to the Office 365 portal and click through to your email.
- Click on your account profile picture in the upper right corner, then click "My Account"
- Click on "Personal Info" and your SCTCC email will be located here:
