BOOK AN APPOINTMENT
Hello students and graduates! Welcome to Virtual Job Fair Week.

This is our first ever virtual job fair that was created in response to social distancing recommendations with COVID-19. We’ve set up opportunities for you to connect with employers virtually with some face-to-face opportunities blended in via Zoom.

This program guide will help you get prepared, get connected, and hopefully enable you to meet your potential employer! It will require you to step out of your comfort zone just a little bit. In doing so, embrace the change, think about it as a learning experience, and lean on us for help. We’re here for you! We care about you and want you to succeed!

**About Virtual Job Fair Week:** Virtual Job Fair Week refers to an all-encompassing effort to connect employers with students and graduates online. We will connect employers to you through four tools:

**JobNet**
SCTCC’s online job posting board. You are pre-registered and just need to activate your account. Visit https://www.collegecentral.com/sctcc/ and click on “Students” and then “activate” your account. This tool contains lots of resources including a resume builder.

**Virtual Job Fair Week Program Guide**
flip through the pages to learn about the employers you would typically meet at the face to face job fair. Each page acts as a “job fair booth” for you to learn more about employers you are interested in.

**JobFlash report**
This will be sent to your program faculty and it contains program specific job leads. Check with your program faculty for more information. To apply for these jobs, login to your JobNet account to learn more and apply.

**Career Zoom: Employer Panels**
We have employers interested in talking with you. Career Services is hosting a series of live events – read on to learn more.
