Dear SCTCC Auto Body Student:

There is a Program Orientation/Tool Day on Wednesday, July 15, 2020 from noon until 2:00 pm. Students can begin checking in at 11:45 am at the Truck Shop. The Truck Shop is located on the West side of the campus, near Door 15. Enter by the 2 big glass overhead doors facing North.

Come to meet the instructors, see the shop, and we will be available to answer your questions.

On this day, we will also be running our Transportation Tool Day near the Truck Shop. This will be outside, weather permitting. There will be several vendors displaying their products from noon to 2 pm. To place an order for tools through the vendors, you will need about 15-20% down. Actual prices vary by vendor.

Student tools should **not** be delivered to St. Cloud Technical and Community - have them delivered to your residency (home) so you can do an accurate inventory. Toolboxes can be dropped off the week before school starts between 8 am and 1 pm or the first week of school.

**Auto Body** - The approximate cost is $3,500.

It is strongly recommended that you attend Tool Day. After this day, you will be responsible to contact the tool vendors to make arrangements to receive your tools by the time school starts.

Financial Aid is not paid out until the second week of school. Please make sure to make financial arrangements.

Thank you,
SCTCC Transportation Programs
