Education that works

The Spanish Transfer Pathway AA degree offers students an opportunity to complete an associate degree that fully transfers to a Spanish bachelor's degree program at any one of five universities within the Minnesota State system that offers the major*. The entire curriculum has been carefully designed to meet designated bachelor's degree program requirements for transfer students planning initial study at one of the 30 community and technical colleges of Minnesota State that offers the pathway. Students planning to transfer outside of the Minnesota State system are advised to consult with their intended transfer institution to determine transferability of the courses in this curriculum.
