

St. Cloud Technical & Community College's Alignment with Other States' Nursing Assistant Educational Requirements

The U.S. Department of Education has implemented regulations (Regulation 34 CFR 668.43 (a) (5) (v)) which requires St. Cloud Technical & Community College's (SCTCC's) Nursing Assistant Programs to provide the following:

- a list of all states/jurisdictions where the institution's curriculum meets state educational requirements for professional licensure or certification;
- a list of all states/jurisdictions where the institution's curriculum does not meet state educational requirements for professional licensure or certification; and
- a list of all states/jurisdictions where the institution has not made a determination of whether the curriculum meets educational requirements.

If a certified nursing assistant from another state wants to work in MN, students need to fill out an interstate endorsement form found at this link:

<https://www.health.state.mn.us/facilities/providers/nursingassistant/aboutnar.html#IEform>. When certified nursing assistants are leaving MN to work in another state, they should check in with the Registry of the state they are moving to.

****The table below was completed as accurately as possible with the information provided to the Director of Nursing and Nursing Assistant Coordinator at SCTCC on July 1st, 2020. SCTCC assumes no liability for any errors in the information contained in this table.***
