Discussion: Health Science Students not allowed to park at St. Cloud Hospital and now have to walk from campus to hospital for internships.

Conclusions:

Action Items:

Person Responsible:

Deadline:

Safety Committee

-----Agenda Topics-----

Topic: Oil, gas, antifreeze spill

Discussion: On 09/21/2015 it was reported to the Safety Office that there was gas spilled in the parking lot. A large amount of fuel, oil and antifreeze was spilled in the parking lot after a Fire Training Class over the weekend.

Conclusions: The Safety Office along with the SCTCC Fire/EMS Program Director and Maintenance cleaned up the mess and notified Noah Czech from the St. Cloud Waste Water Treatment Plant that there may be some run-off into the storm drain during the next rain storm. MNSCU Safety Director Don Beckering was also notified.
