Managing change can empower your team to develop flexibility and new ways of working. Learning to deal with obstacles, especially those that are unanticipated, can help individuals and teams approach change positively and improve organizational results.

**Course Objectives**

- Understand and value difference
- Identify the fundamentals of change
- Understand the change management framework
- Identify risks and barriers to change
- Create an implementation strategy

**$389**

8-hour Live Online Training

June 2, 4, 9 & 11, 2020
9:00am - 11:00am
